Call for Papers
Santa's Crypto Get-Together 2005

1 – 2 December, 2005, Prague
http://www.buslab.cz/mkb

Intro

Santa's Crypto Get-Together started in December 2001 as the first annual Czech and Slovak workshop aiming to facilitate closer cooperation of professionals working in the field of applied cryptography and related areas of security.

This get-together of experts is organised in order to foster exchange of information and ideas on past, ongoing, and also future projects. We recognise the need of experts meeting their colleagues without the hassle of taking care of their organisation (potential) customers, bosses and other distracting forces. ;-)

There will be two or three invited talks. We are currently negotiating with the following experts:

Dieter Gollmann, Technische Universität Hamburg,
George Danezis, Katholieke Universiteit Leuven,
Luboš Brim, Masaryk University in Brno.

Detailed information, including registration guidelines will be shortly available on workshop web pages: http://www.buslab.cz/mkb.

Instructions for Authors

The program committee will accept submissions targeting cryptanalysis, applied cryptography, security applications of cryptography and other related areas. Proposals should be of 5-15 pages and formatted for anonymous evaluation (no names of authors or apparent references). Identification and contact information will be entered during registration into our conference management system.

Word and LaTeX templates for submissions are also available from the workshop web: http://www.buslab.cz/mkb. Submissions can be written in Czech, Slovak, or English.

Submissions prepared according to the above stated instructions should be uploaded in the conference management system in the PS, or PDF format. Final deadline for the submissions is 12 September 2005. The URL for submissions is identical as for the conference registration: https://www.buslab.cz/conftool

Submissions will be evaluated by program committee and authors will be informed about the evaluation results by 17 October. Camera-ready versions for the workshop proceedings should be delivered by 14 November together with short (50-100 words) biographies of authors.

Submission

This year, we switched to a conference management system. It is necessary to register in the system before submitting the proposal – https://www.buslab.cz/conftool .
The same system will be used for the submissions.

Important Dates

Submission deadline:	12 September, 2005
Acceptance/rejection notification:	17 October, 2005
Camera-ready format:	14 November, 2005
Workshop:	1 – 2 December, 2005

Program Committee

Dan Cvrček, FIT VUT Brno – chair
Vlastimil Klíma, independent consultant
Tomáš Rosa, eBanka
Zdeněk Říha, FI MU Brno
Martin Stanek, FMFI UK Bratislava
Jan Staudek, FI MU Brno
Jiří Tůma, MFF UK, Praha
Jozef Vyskoč, VaF
