Santa's Crypto Get-Together 2006

7 – 8 December, 2006, Prague
http://mkb.buslab.org

Intro

Santa's Crypto Get-Together started in December 2001 as the first annual Czech and Slovak workshop aiming to facilitate closer cooperation of professionals working in the field of applied cryptography and related areas of security.

This get-together of experts is organised in order to foster exchange of information and ideas on past, ongoing, and also future projects. We recognise the need of experts meeting their colleagues without the hassle of taking care of their organisation (potential) customers, bosses and other distracting forces. ;-)

There will be two or three invited talks. We are currently negotiating with the following experts:

- **Alex Biryukov** (University of Luxembourg)
- **Riccard Focardi** (Universitá Ca' Foscari di Venezia)

Detailed information, including registration guidelines will be shortly available on workshop web pages: http://mkb.buslab.org.

Instructions for Authors

The program committee will accept submissions targeting cryptanalysis, applied cryptography, security applications of cryptography and other related areas. Proposals should be of 5-15 pages and formatted for anonymous evaluation (no names of authors or apparent references). Identification and contact information will be entered during registration into our conference management system.

Word and LaTeX templates for submissions are also available from the workshop web: http://mkb.buslab.org. Submissions can be written in Czech, Slovak, or English.

Submissions prepared according to the above stated instructions should be uploaded in the conference management system in the PS, or PDF format. Final deadline for the submissions is 2 October 2006. The URL for submissions is identical as for the conference registration: https://www.buslab.org/conftool

Submissions will be evaluated by program committee and authors will be informed about the evaluation results by 23 October. Camera-ready versions for the workshop proceedings should be delivered by 20 November together with short (50-100 words) biographies of authors.

Submission

This year, we use conference management system again. It is necessary to register in the system before submitting the proposal – https://www.buslab.org/conftool .
The same system will be used for the submissions.

Important Dates

Submission deadline:	2 October, 2006
Acceptance/rejection notification:	23 October, 2006
Camera-ready format:	20 November, 2006
Workshop:	7 – 8 December, 2006

Program Committee

Dan Cvrček, FIT VUT v Brně – chair
Antonín Beneš, SAP ČR
Vašek Matyáš, FI MU Brno
Daniel Olejár, FMFI UK Bratislava
Tomáš Rosa, eBanka
Zdeněk Říha, FI MU Brno
Martin Stanek, FMFI UK Bratislava
Jan Staudek FI MU Brno
